

Alumni Meet

It is a great pleasure that Alumni's are in touch with the teachers and principal all the time. The institution is very glad that they have spent their valuable three years for pursuing courses of their choice in this institution and always spare their valuable time to discuss various issues towards academic progress and improvement in various activities either conveying personally or keeping message through phone. In every meet feedback forms will be given for their valuable suggestions because these valuable inputs will be of great use to improve the quality of the academic programs and enhance the credibility of the institution.

Alumni meet will be held once in a year. The meet for the academic year 2012-2013 was held on **April 4th 2012**. Alumni expressed their views that they are much impressed by this institution, which has not only provided degree, but has taught the values of life. They expressed their heartfelt feelings towards the faculty and the institution. Whenever the meeting is held emotions speaks more than words. As we were waiting for their suggestions alumni's in all the meets will be always in emotions as not only they meet their teachers but also their old friends that refreshes their golden days. The moment they stand to say something, they recollect their olden days and will not speak anything because of their emotions. When they are asked for suggestions towards the improvement of the institution of course their request will be towards up gradation of a modern teaching aid that makes the students update to compete in the modern world. Accordingly it has been successfully implemented by the institution.

Alumni's meet for the academic year 2013 -2014 was organized on **July 28th 2013**. Their suggestion was to provide mini lunch at a reasonable rate so that many students will be benefitted with such facilities was seriously considered and required arrangements were made to provide mini lunch in the forth coming days. The feedback forms were studied later to bring possible changes in the institution. In some forms it was observed that many Alumni's have shared their feelings towards teachers and their influence to shape their life socially and academically. At the same time as a student of this institution some have written that they liked the philosophy of the institution "Service to humanity is service to God".

The Alumni's meet for the academic year 2014-2015 was held on **April 12th 2015**. They were quite happy to see the infrastructural development and the greenery of the institution and expressed their deep sense of gratitude to the Principal and the faculty members. Equally they were happy to see 'Prasada Nilaya' that was started as per their wish.

Parents Meet

Parents meet will be held once in a year to make the parents familiar with the institution and to inform them about the performance of their daughters. At the same time to find the valuable suggestions from the parents these meeting will be arranged.

The first meet was organized on **11th September 2011**. Parents were quite happy to share their views in many regards. They expressed their deep sense of gratitude towards effective teaching. But their concern was towards concentrating more on extracurricular and co-curricular activities. They insisted to make the students involve in NSS and NCC. They also demanded to appoint a special NCC officer in the institution. As there were only senior teachers existing, the institution was unable to appoint a special officer to NCC unit. Luckily there was a special officer to the NCC unit in our sister institution it was made possible to our students join NCC.

The second meet was held on **27th October 2013**. In this meet also there was a very good response towards teaching. But as the play ground and auditorium were attached to our sister institution and were bit away from the institution, the parents demanded independent play ground and auditorium. The institution assured to provide independent play ground and auditorium at the earliest to the students. Their request was to issue many more books to the students as the space in the library may not be sufficient to accommodate all the students. Accordingly the efforts have been made to issue more books to the students. They also demanded to appoint a lady for the maintenance of the wash rooms. Sincere efforts are being made to keep the wash rooms clean.

The next parents meet was arranged on **23rd February 2014**. Some parents in this meet opinioned that teaching should be focused more on current affairs along with

the prescribed syllabus. Students need to face tough competition this issue was seriously discussed in the meeting. There was as usual a discussion on the improvement towards extracurricular activities.

The parents meet for the academic year 2014-15 was organized on **15th March 2015**. In this meet parents discussed about updating the curriculum that has to be need based. Unfortunately the institution need to teach the curriculum framed by the affiliating university, it was intimated that many certificate courses have been introduced since last year in various subjects that may provide practical knowledge in different fields. The institution was quite happy to share the progress of the institution towards infrastructural developmental activities as well as the research activities undertaken by the faculty. Parents were happy to see the auditorium hall. Play ground, greenery of the building, enhancing the area of the reading room etc. they congratulated the management and the head of the institution towards these progress.
